

## The CAENTI

Coordination Action of the European Network of Territorial Intelligence is a European research action that aims at integrating the research activities that are led by fifteen partners on the territorial intelligence tools so as to give them a European dimension.

The CAENTI is funded by the Sixth Framework Programme of Research and Technological Development of the European Union in the specific program "Integrate and Strengthen the European Research Area" and in the Seventh Thematic priority "Citizens and governance in a knowledge-based society".

It gathered fifteen partners which belong to eight countries. It started on March, 1st for -year
